CURRICULUM DAY – FRIDAY 5th JUNE

Friday 5th June is a Curriculum Day, students will not attend school on this day. We hope you enjoy the King's Birthday long weekend. School will return on Tuesday 9th June.

EDUCATION WEEK OPEN AFTERNOON - YOU ARE INVITED

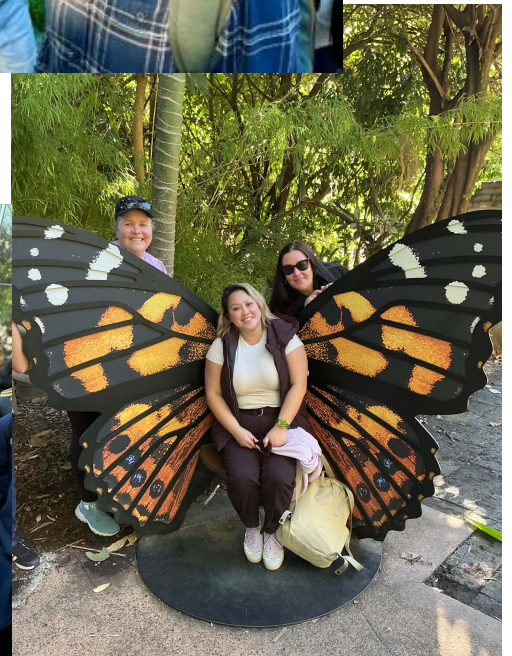

Our school will be hosting our Open Afternoon for Education Week on Wednesday the 20th of May. Classrooms will be open for parents/special visitors to attend from 2.15pm. The theme for Education Week for 2026 is 'Showcase your School'. Students will have the opportunity to look through photos of all the amazing spaces and learning opportunities that our school has to offer. Students will then get to work with their parent/special visitor on an activity that 'showcases' Strathaird Primary School.

YEAR 5 CAMP

Our Year 5 students and teachers have been at Urban Camp in Parkville since Monday and will return to school this afternoon. This camp is a very engaging city experience which provides our students with close access to some of Melbourne's great landmarks, including the Melbourne Zoo, Federation square, Shrine of Remembrance, Old Melbourne Goal and the Melbourne Museum. A big thank you to staff members Sarah Collins, Quyen Nguyen, Priscilla Pinto, Narinder Kaur, Danielle Tibenszky, Kylie Elzink, Tyson Zimmerle and Corey Fleming who have been on camp this week, without them, this wonderful opportunity would not have been possible.

MOTHER'S DAY STALL

We hope all our Mother's enjoyed a special day on Sunday with their families.

A very big thank you to the parents who came to school last week to run the Mother's Day stall, without these parents we would find it very difficult to run special events such as this. Thanks so much to Sarah McKenzie, Brooke Bontemps, Michelle Reid and Dee Marion. Also, a big thank you to Sharon McMahon for the significant effort she puts into coordinating these key events.

E-SCOOTERS - PLEASE READ

We have observed some very dangerous and illegal e-scooter riding by the public around the streets of Narre Warren South and beyond. We are asking that school families please make yourselves familiar with the Victorian Road Rules if you don't already know them. There are penalties for illegal riding but most importantly, e-scooters and e-bikes can be very dangerous, resulting in severe injuries or death to riders, pedestrians and motorists if rules are not adhered to.

Please make sure your family members know the rules and follow them.

Our school rules and e-scooters

***No e-scooters are to be ridden to school by students.**

***Parents or older siblings, 16 and above, can walk e-scooters on to school grounds to pick up other students but they must observe the road rules by carrying a helmet, not carrying a passenger, for example.**

***No siblings under 16 can bring an e-scooter on to school grounds to pick up students.**

- An e-scooter has a maximum speed of 25 km/h when ridden on level ground and transports only one person.

What you must do

E-scooter riders must:

- be aged 16 or over
- wear a helmet
- ride at no more than 20 km/h
- ride on:
 - shared-use paths
 - bicycle paths
 - roads with a speed limit of up to 60 km/h
- use flashing or steady front and rear lights, if riding at night or in low light
- park responsibly in a location that does not disrupt pedestrians or pose a safety hazard
- keep to approved areas if using a hired e-scooter.

What you can't do

If you're riding an e-scooter, you can't:

- ride on the footpath
- ride an e-scooter capable of more than 25km/h
- ride on roads with a speed limit above 60km/h
- ride under the influence of drugs or alcohol (you can be breath tested and lose your licence)
- use a mobile phone
- carry passengers or animals
- ride in tandem (side by side).

Penalties apply for breaking the rules.

You can get more than one fine if you're breaking multiple rules.

For more information, please go to [E-scooter road rules in Victoria - Transport Victoria](#)

ATTITUDES TO SCHOOL SURVEY YEARS 4-6

PARENT / CAREGIVER / GUARDIAN INFORMATION AND CONSENT LETTER

2026 Student Attitudes to School Survey

Dear Parent / Caregiver / Guardian,

This letter is to inform you about the 2026 Student Attitudes to School Survey (AtoSS), which all government school students in Years 4 to 12 will be invited to complete.

About the survey

The AtoSS is a voluntary student survey offered by the Department of Education every year to help schools and the department understand students' experiences of school. We will ask your child about their thoughts and feelings about their school, their learning, relationships with other students, resilience, bullying, health and wellbeing, physical activity, and life in general.

ORIMA Research Pty Ltd has been contracted by the department to manage the collection of the online survey and will provide support to schools through a telephone hotline and email.

This year, the survey will be conducted at your school from 11th May to 12th June.

What are the benefits?

Young people enjoy having a say! This survey has been running for nearly 20 years and helps schools plan programs and activities to improve your child's engagement with school, their wellbeing and their learning. The survey data also helps the Department of Education understand how to improve student learning.

What are the risks?

We don't expect many risks of participation, but some students may find some questions personal or sensitive. If you agree for your child to take part, they can still skip questions or withdraw at any time whilst completing the survey if it makes them upset or uncomfortable. A teacher will be present during the survey to support students.

The questions come from validated survey instruments used in Australia and around the world.

They focus on your child's strengths and are designed for each year level group.

What will my child be asked to do?

Your child will be invited to complete the survey **online during class time** using a purpose built secure online survey tool. We are not "testing" your child. Please note:

- Students can choose if they want to take part, skip questions if they don't want to answer, and can stop doing the survey at any time.
- There are different versions of the survey to let all students take part.
- The survey will take around 20-40 minutes to complete.

Principal Page

How is my child's privacy protected?

A teacher will give your child a unique login to complete the survey. This unique student login is an assigned identifier that will be used by the department to link data for analysis and research only. Some student demographic data such as year level, gender, age, and Aboriginal and/or Torres Strait Islander status are provided to ORIMA research, and linked with the unique student login ID to administer the survey. This information helps to support analysis and research, to paint a clearer picture of how Victorian school students are faring.

ORIMA Research will only use student personal information for research purposes to facilitate the administration and data collection of the Attitudes to School Survey. To keep your child's survey answers private, ORIMA Research won't include any personally identifiable data in the survey answers file that is provided to the department.

All data is stored on servers located in Australia, and only staff who are working on the project can access it.

All information collected about your child will be handled in accordance with the *Privacy Data and Protection Act 2014* (Vic), the *Health Records Act 2001* (Vic) and the *Public Records Act 1973* (Vic), as well as the Department's [Schools' Privacy Policy](#). Please note that consistent with the above legislation and our policy, there are instances where we may be required by law to share information provided by your child. For example, where there is a threat to your child's health and safety.

How will results be reported?

The department will only use aggregated survey data to report on initiatives and this data may also be used in public discussions of issues about student engagement and wellbeing. An example of how survey data has been previously used includes reporting levels of student engagement in the Performance Summary in the Annual Report to the School Community. The department will not share any identifiable student data with any other party.

Your child's school will only get reports about groups of students. Information about individual students and the student answers data file will not be shared with schools. If there are low numbers of student answers to a question, the report will not show results for this question to protect the privacy of those students.

What if I don't want my child to do the survey?

This survey is **voluntary**. If you **do not** want your child to do the survey, please opt out by emailing your school at Strathaird.ps@education.vic.gov.au before the survey starts on Monday 1st June.

Student personal information will be shared with ORIMA Research to facilitate survey preparations prior to this opt out process. If you opt your child out of participating, then your school will ensure that your child is not provided with access to the survey. Student details will be deleted by ORIMA Research at the conclusion of the survey.

If your school does not receive a "Refusal of Consent" email from you before the survey begins, we will assume that you agree for your child to take part in the 2026 Attitudes to School Survey. Please remember, as noted above, the survey is voluntary: even with your consent, your child can choose to skip questions or stop doing the survey at any time.

SPORTS REPORT

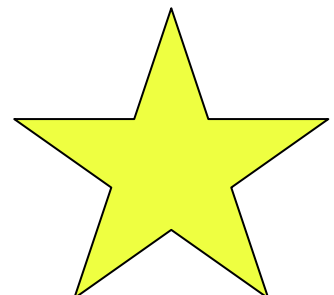

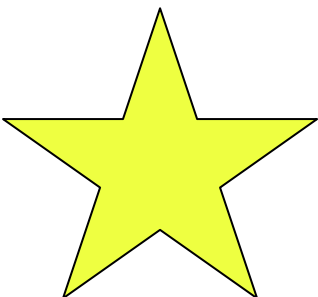

Congratulations to the 50 students who represented Strathaird Primary School at the Interschool District Cross Country. Each race had approx 60 participants invited from 7 other schools in our district. These schools were Hillsmeade, St Catherines, Turren, Courtney Gardens, P-12, Waverley Christian College and Tulliallan. The venue was at Sweeney Reserve in Berwick and race conditions were great, with a nice sunny day and minimal wind. Our Under 10s ran 2km and our Under 11s and 12s ran 3km.

All our students participated showing great determination and resilience to do their best and also using their positive mindset to keep running even if they were very tired.

Overall we placed 6th out of the 8 schools with our overall place results. Our team photo is below and we are very proud of all our students.

We had 6 children place in the Top 10 which advances them to the Divisional Finals which will be held in Pakenham on May 27th. This is a fantastic achievement for the students which we have acknowledged below. We will wish them good luck at at next Senior Assembly. **CONGRATULATIONS Billie Reid, Yovaan Desai, Armin Ghulami, Noah Van Den Akker, Timothy Wilkes and Shikeb Zahir.**

Fly by Night Bat Rescue and Rehabilitation

WHY BATS?

Grey headed fruit bats (or flying fox) are a threatened species. They feed in our large trees at nighttime, licking the nectar out of flowers.

Bats are a critical species in the survival of forests as they assist in pollination and disperse seeds from trees which helps forests to continue to grow.

Bats are endangered due to:

- Climate change - hot weather kills bats
- loss of habitat
- getting tangled in fruit tree netting.

Correct fruit tree nets are wildlife-friendly, featuring a mesh size 5mmx5mm or smaller to prevent entanglement. Your finger should NOT be able to go through it. White-colored, woven, or knitted netting is highly recommended to protect against birds, bats, and insects while ensuring nocturnal animals can see and avoid it .

Fly By Night is a licenced DEECA Wildlife Shelter in Melbourne (Victoria) and is run by volunteers dedicated to the rescue & rehabilitation and release of the threatened species, Grey Headed Flying Fox, as well as other native bats & wildlife.

If you have an injured bat, flying fox or microbat needing assistance

Grade 1

Moonlit Sanctuary

The Grade One students recently enjoyed an exciting excursion to Moonlit Sanctuary Wildlife Conservation Park as part of their Inquiry learning. This term, students have been exploring Australian animals and their unique adaptations.

During the visit, students had the opportunity to see a python and pat a blue-tongue lizard while learning about how reptiles rely on the warmth of the sun to survive. They also enjoyed seeing koalas and wombats and discovering more about their habitats and diets. One of the highlights of the day was feeding and patting the kangaroos and wallabies, which was a memorable experience for everyone.

It was a fantastic day filled with fun, learning, and hands-on experiences for all of our Grade One students.

Road Safety

Parents/Carers - Choose safe crossings

Families - always choose to use safe crossings.

Teaching your children to look for safe places to cross the road.

When pedestrians cross in other areas, this causes danger to drivers and also to the pedestrian.

Role Model

When you show your children safe pedestrian behaviour, they will copy you.

Teach your children the 4 safety words when crossing the road - **Stop Look Listen and Think**

Important Parent Resources

PROTECT

Everyone has the right to be safe and be protected from abuse. No one should behave in a way that makes you feel unsafe or afraid, including anyone in your family, anyone at school or anywhere else in the community. Tell a teacher or any adult at your school if you feel unsafe.

It's everyone's responsibility. Adults at school must listen and respond to concerns about child abuse. If you suspect abuse of any child or young person, you have a responsibility to report it, even if you are not sure.
